ACTION ALERT

INVESTIGATE FALLUJA —NJ Peace Action joins with United for Peace and Justice in calling for an investigation into the civilian casualties and humanitarian crisis in Falluja and in insisting the Red Cross and Red Crescent be allowed to bring relief into the devastated city. Call the White House and your Congressional reps.

INAUGURATION DAY DEMO—Join tens of thousands who will travel to D.C. on Jan. 20 to crash George W.'s party and put him on notice that he does not have a blank check for the next four years. NJPA and other groups will be sending buses to demand an end to the occupation of Iraq and to bring the troops home. Call the office for details. Demonstration permits have been obtained by A.N.S.W.E.R., www.internationalanswer.org.

A SMALL VICTORY AGAINST NUKES—The FY 2005 budget bill that passed in November eliminated all funding for new nuclear weapons, including mini-nukes and the robust earth penetrator. NJPA has been working against this type of proliferation for years and many of you have been part of that effort — signing petitions, writing letters to the editor, meeting with legislators and generally supporting NJPA and our education and advocacy around this issue. Congratulations and thanks to all who helped in any way!

This won't be the last word on this issue. Advocates for development of so-called "useable" nuclear weapons for first-strike capability will probably try to restore funding next year. They'll be back and so will we. But for now, let's celebrate our victories.
